TOWN OF STANSTEAD

PUBLIC NOTICE

Public notice is hereby given that during a meeting of the Town Council held on January 11, 2021, the draft By-law no. 2021-01 modifying By-law 2012-URB-04 on construction was adopted (withdrawal of the obligation relating to non-return valves).

The purpose of this draft by-law is to impose the installation, maintenance and upkeep of devices intended to reduce the risk of malfunction of a water supply or sewer system and to exempt the Municipality in the event of non-compliance with this regulation. Consequently, the purpose of the Draft Regulation is also to withdraw the obligation relating to non-return valves provided for in By-law 2021-URB-04 on construction in order to avoid any incongruity between these regulations.

Given the situation of Covid-19, the public consultation on the draft By-law will be replaced by a written consultation.

The proposed by-law is available for consultation on the Town of Stanstead webpage at www.stanstead.ca.

Anyone wishing to submit a comment can do so in one of the following ways:
